Mission Packet

“Paddle Raise”

Restricted Gift

The mission of the American Cancer Society is to improve the lives of people with cancer and their families through advocacy, research, and patient support, and to ensure everyone has an opportunity to prevent, detect, treat, and survive cancer.

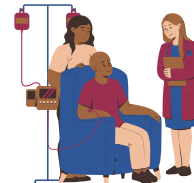

This years **“Fund the Mission” campaign** at the Tyler Cattle Baron’s Ball fundraiser during the “Paddle Raise” on Saturday, June 7th will go towards **increasing access to care for cancer patients in Texas and our national portfolio of innovative breast cancer research.**

Every dollar donated is **100% tax deductible.**

Breast Cancer Research

The American Cancer Society helps people with breast cancer in every community. Our research programs have played a role in many of the prevention, screening, and treatment advances that save lives from breast cancer today. And, we continue to fund research to help save even more lives in the future.

Access to Care

The American Cancer Society works to remove barriers to timely, high-quality cancer care. We award grants to health system partners that help alleviate the strain of transportation and lodging for people with cancer. These grants address these urgent patient needs to improve outcomes and remove financial burden.

Any **pre-committed donations by March 26, 2025, will be recognized** in the Cattle Baron’s Ball mailed invitation, TYLER TODAY Magazine and on screen the night of the Cattle Baron’s Ball prior to the “Paddle Raise.”

Dollars at Work

In 2023 and 2024, ACS awarded **\$19,000** in patient transportation grants to three East Texas health systems.

Over **2,000** rides have been provided to cancer patients from Smith County and beyond.

ACS is currently funding **149** breast cancer grants across the US.

ACS is investing over **\$120 million** in breast cancer grants across the US.

<p>\$1,000</p> <p>Could provide four cases of culture plates to grow human cells to test for new drugs.</p>	<p>\$15,000</p> <p>Could provide over 1,600 rides and help over 165 patients.</p>
<p>\$5,000</p> <p>Could provide five mini gel tank and blot module sets to conduct research.</p>	<p>\$30,000</p> <p>Could provide two, one-year grants for free transportation to patients.</p>

Every dollar donated will go directly to fund our national portfolio of innovative Breast Cancer Research or Access to Care for Texas cancer patients.
